

Medicare Enrollment Checklist

Six checks before you enroll

- ☐ **Confirm your doctors are in the plan**
Call each office directly; online directories are often outdated.
- ☐ **Check your prescriptions**
Run your full medication list through the plan's formulary at Medicare.gov.
- ☐ **Compare the out-of-pocket maximum**
Measure it against your worst-case year of care, not your typical year.
- ☐ **Check the plan's CMS Star Rating**
Published every year on Medicare.gov.
- ☐ **Original Medicare? Review Medigap rights**
Know your state's guaranteed-issue windows before deciding.
- ☐ **Re-verify every fall**
Networks change annually. Annual Enrollment: October 15 - December 7.
